

Key Features

ZigBee Interface: Support for IEEE 802.15.4, ZigBee HA1.2, with RF of 2.4Ghz

1'X4' Size: Fits into standard T-Bar grid ceilings.

Lightweight and ultra-thin: Easily replace existing fixtures

Electrical Specifications

Input Voltage: 110-277VAC, 50/60Hz

Wattage: 45W

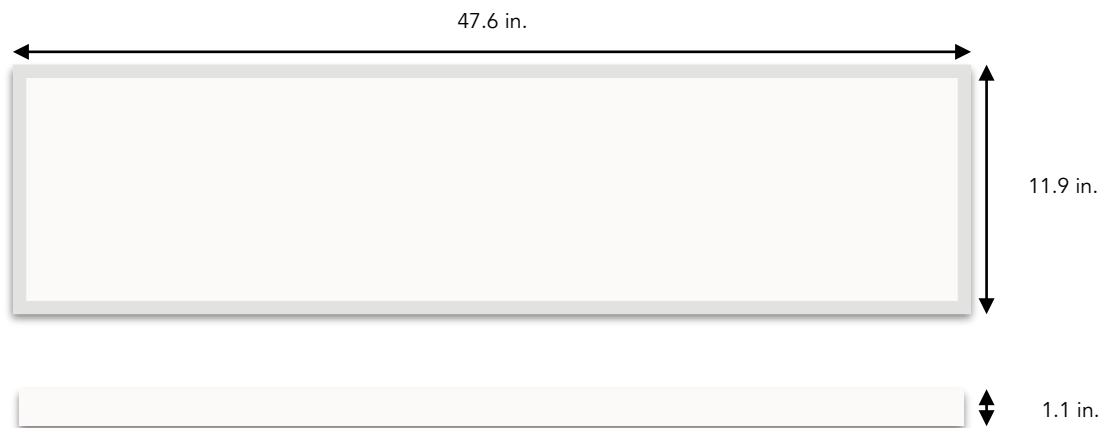

Dimmable: 0-10V interface

Environmental Specifications

Ambient Operating Temperature: -20°C to 50°C (4°F to 122°F)

0% to 90% humidity, noncondensing

Dimensions

Preliminary data sheet, subject to change.
